Review Process
Upon receipt of the FAFSA summary pages, the financial committee reviews all applications. Students will receive notification about their financial aid status at the same time as they receive notification of their acceptance status. Students who are accepted outright will be notified in early February. Students who are interviewed will be notified in mid-March. Initial Program payments for the IUHPFL are due in mid-March. All accepted students are required to make scheduled Program payments, even if they receive financial aid.

Awards
Not all candidates will qualify to receive financial aid. In the past four years, between 52 and 58 percent of students who applied received awards ranging from $600 to $1,200. If you do not wish to apply or be considered for financial aid, it is unnecessary to fill out this application or to send the summary page form.

Please note that your financial aid application will have no bearing on your acceptance into the IUHPFL.
